Accomplishments

- Setup JUCE project
- Implemented first oscillator
- Setup synth voice class
- Setup parameters to control ADSR and OSC waveform choices
- Added sliders to UI for ADSR

Next Week's Plans

- Clean up UI, add dropdown for OSC waveforms
- Start working on adding a filter

This Week's Plans

- Add polyphony
- Add a second oscillator

Risks / Help Needed

- I rearranged the order of the schedule a little but everything is on track so far
- Will need to do extra research on how to implement polyphony
